

Here in Me

Words and music by Paul Hilts, © 2007 Paul Hilts (www.paulhilts.com)

We were one with God in harmony

Until the fall of man

Though separation is our legacy

Reunion is God's plan

I am not worthy to receive You Lord

But only say the word
and I am healed

I take You in inside of me

Penetrate my heart O God

And have Your way in me

Let Your love pour forth in me

May my life bear fruit O God

So all the world can see

That You are here in me

The Eucharistic mystery

Unfolds before us here

The bread and wine are history

As the Son of God appears

I am not worthy to receive You Lord

But only say the word
and I am healed

I take You in inside of me

Penetrate my heart O God

And have Your way in me

Let Your love pour forth in me

May my life bear fruit O God

So all the world can see

That You are here in me

We have a gift of
Indescribable worth
A gift we have to give away

We are the Body of Christ

On this earth

Bringing His love to all
who live today

I believe I believe

I believe that You are here in me

I believe I believe

I believe that You are here in me

That You are here in me

I take You in inside of me

Penetrate my heart O God

And have Your way in me

Let Your love pour forth in me

May my life bear fruit O God

So all the world can see

That You are here in me

That You are here in me

You are here in me

You are here in me
