

Here in Me

Words and music by Paul Hilts

We were one with God in harmony
Until the fall of man
Though separation is our legacy
Reunion is God's plan

I am not worthy to receive You Lord
But only say the word and I am healed

I take You in inside of me
Penetrate my heart O God
And have Your way in me
Let Your love pour forth in me
May my life bear fruit O God
So all the world can see
That You are here in me

The Eucharistic mystery
Unfolds before us here
The bread and wine are history
As the Son of God appears

We have a gift of
Indescribable worth
A gift we have to give away
We are the Body of Christ
On this earth
Bringing His love to all who live today

I believe I believe
I believe that You are here in me
I believe I believe
I believe that You are here in me
That You are here in me
